

## Contents

SECTION	TITLE	PAGE NUMBERS
1	Structured approach to emergencies in the infant	1 - 15
2	Basic Life Support (BLS) in the infant	16 - 25
3	Advanced Life Support (ALS) in the infant	26 - 49
4	Pain control in the infant	50 - 56
5	Immediate care of the newborn	57 - 60
6	Resuscitation of the newborn	61 - 72
7	Care of the newborn: preterm and low birth weight	73 - 83
8	Problems requiring hospital care: feeding difficulties	84 - 85
9	Problems requiring hospital care: temperature control	86 - 87
10	Problems requiring hospital care: prevention infection	88 - 90
11	Neonatal illnesses: neonatal sepsis	91 - 107
12	Neonatal illnesses: HIV prevention	108 - 112
13	Neonatal illnesses: polycythaemia	113 - 114
14	Neonatal illnesses: Respiratory disorders	115 - 124
15	Neonatal illnesses: Apnoea and hypoxaemic episodes	125 - 127
16	Bronchiolitis	128 - 129
17	Pneumonia in infancy	130-139
18	Neonatal illnesses:haemorrhage	140 - 141
19	Neonatal illnesses:Jaundice	142 - 151
20	Neonatal illnesses:Severe anaemia	152
21	Neonatal illnesses:Fits and reduced consciousness	153 - 158
22	Hypoglycaemia	159 - 162
23	Tetanus	163 - 164

SECTION	TITLE	PAGE NUMBERS
24	Other causes of fits and hypoxic ischaemic encephalopathy	166 - 169
25	Congenital heart disorders	170 -183
26	Heart failure in infancy	184 - 188
27	Shock	189 -195
28	Dehydration and severe gastroenteritis	196 - 204
29	Gastrointestinal disorders	205 - 213
30	Practical procedures: KMC	214 - 219
31	Restraint and analgesia for procedures	220 - 221
32	Tracheal intubation	222 - 224
33	Cricothyroidotomy	225 - 226
34	Needle thoracocentesis, chest drain and pleural tap	227 - 230
35	Nasal CPAP	231 - 233
36	Circulatory procedures: safety drugs/infusions	234 - 239
37	Circulatory procedures: Giving injections	240 - 241
38	Circulatory procedures: IV cannulae, scalp and external jugular vein cannulation	242 - 246
39	Circulatory procedures: central venous cannulation	247 - 250
40	Circulatory procedures: Long saphenous cut-down	251 - 252
41	Circulatory procedures: Umbilical venous catheterisation	253 - 255
42	Circulatory procedures: Intra-osseous needle cannulation	256 - 259
43	Circulatory procedures: Defibrillation	260 - 261
44	Gastric tube, log roll and abscess incision	262 - 264
45	Lumbar puncture and suprapubic sampling	265 - 268
46	Index	269 - 272
